

The German government (Federal Ministry of Education and Science) launched last year a program for a National network for Computational Neuroscience. Four Bernstein Centers for Computational Neuroscience were created, one of which is in Freiburg (also: Berlin, Göttingen, München) (see article in our Newsletter 7, p.8). The official inauguration of the BCCN Freiburg and first meeting of the Bernstein Centers will take place on October 10th-12th, 2005. You will find the program opposite. ■ F.D.

1st Meeting Bernstein Centers

1st meeting & inauguration BCCN

October 10th-12th,
2005
Freiburg i. Br.

Number of participants limited
